ZYA FOUR STRAND CURRICULUM

Community Service

Zeta Youth Affiliates provide age-appropriate community service opportunities for youth that embrace Zeta's national programming such as Z-HOPE (Zetas Helping Other People Excel), Elder Care, and March of Dimes.

Cultural Awareness/Social Skills Enhancement

Zeta Youth are exposed to experiences that reflect their local community and serve to bridge the gap between school curriculum and the diverse lived experiences.

They develop and demonstrate social etiquette through active listening, group dynamics, and conflict-resolution skills while interacting with their peers.

Educational Enrichment/STEAM

Zeta Youth members strengthen their academic knowledge through fun and engaging activities such as writing contests, hands-on STEAM programs, special guest educators, and more.

Leadership Development

Youth members have the unique experience of learning from and spending quality time with actual local Change Agents and leaders who are active in their community, providing them with real-time examples of how leaders truly lead.

In addition to learning parliamentary procedure, Zeta youth are taught to research and organize many of their own events, which develops valuable skills in budgeting, time management, and more.
